DPS GREATER FARIDABAD PRESENTS
VOLTRIX
2K26
BEYOND THE FIREWALL
October 10, 2026

DELHI PUBLIC SCHOOL
GREATER FARIDABAD, SEC-81
(Under the aegis of The DPS Society)

FROM THE PRINCIPAL'S DESK

The Principal

DR. BINDU SHARMA

Dear Sir/Madam,

It gives us immense pleasure to announce VOLTRIX 2K26, the annual technology extravaganza of CyberCrew, the IT Club of Delhi Public School, Greater Faridabad, to be held on October 10, 2026. Bringing together students from Classes I to XII, VOLTRIX is a celebration of technology, creativity, innovation, and entrepreneurial spirit—providing young minds a platform to compete, collaborate, experiment, and transform ideas into meaningful solutions.

With a special focus on startups and entrepreneurship, the festival encourages students to think beyond conventional boundaries, identify real-world challenges, and envision ideas that could become tomorrow's innovations and ventures.

As we believe, "Every great startup begins with a simple idea and the courage to make it real." VOLTRIX 2K26 invites young creators to Imagine. Innovate. Build. Inspire. and take their first step towards shaping the future.

Let's celebrate and innovate together.

Regards
Dr. Bindu Sharma
Principal
Delhi Public School, Greater Faridabad

DELHI PUBLIC SCHOOL

(Under the aegis of The DPS Society)

FROM THE PRESIDENT

Technology is no longer just about what we know. It is about what we dare to imagine, what we are willing to experiment with, and most importantly, what we have the courage to create.

RAAGHAV AGGARWAL

Voltrix 2K26 is our attempt to create a space where curiosity turns into competition, where ideas move beyond the drawing board, and where innovation becomes something we can see, experience, and build together. It is more than just a technology fest. It is a celebration of young minds who are willing to question the ordinary, explore the unknown, and challenge differently.

As President of CyberCrew, I am incredibly proud and excited to see this vision come alive. What makes Voltrix special is not just the technology, the competitions, or the projects, but the people behind them. Every participant brings a different perspective, every team carries a different idea, and every creation is a reflection of the passion and determination that drives young innovators forward.

I hope Voltrix 2K26 becomes a space where failure sparks learning, collaboration fuels ideas, and curiosity leads to creation. May you leave not just with memories and achievements, but with the confidence to keep building beyond the fest.

Here's to a fest powered by ideas, creativity, collaboration, and determination. May Voltrix 2K26 inspire you to question the possible, challenge the ordinary, and take the first step toward building the future.

Raaghav Aggarwal
President, Cyber Crew

DELHI PUBLIC SCHOOL
GREATER FARIDABAD, SEC-81
(Under the aegis of The DPS Society)

FROM THE VICE-PRESIDENT

YUVRAJ SINGH

We stand at a time when the impossible is constantly being rewritten. Every breakthrough we celebrate today began as a question someone dared to ask. Every innovation we admire started as an idea someone refused to let go of. Voltrix 2K26 is our stage to turn that spark into something real. It is not just another fest. It is a launchpad for imagination, a battleground for ideas, and a community built on the belief that young minds can move mountains.

Competition brings out the best in us, collaboration makes us stronger, and every challenge pushes us closer to discovering what we are truly capable of.

What makes Voltrix special is you. Your courage to take risks. Your hunger to learn beyond the classroom. Your willingness to help the person beside you rise. Whether you are here to compete, create, showcase, learn, or simply explore, you are becoming part of something bigger than yourself.

I hope Voltrix 2K26 becomes a place where failure does not stop you, but teaches you. Where collaboration turns ideas into possibilities. Where curiosity leads you somewhere unexpected. And where you leave with more than memories or achievements. So question boldly.

Create fearlessly. Fail without fear. Rise every time. And most importantly, never let the boundaries of today decide what you can create tomorrow. The future does not belong to those who wait for it. It belongs to those brave enough to build it.

Yuvraj Singh
Vice President, CyberCrew
